Do you have the Facebook App on your smartphone? Maybe not, but 20-30% of your customers do.

Did you hear about the restaurant owner who claims Facebook saved his business? It's true. Most of your customers are on Facebook and the rest will be there soon. For most of us, Facebook is not where we want to spend our time but it is where your customers either are or will be.

Join us and five seniors from Hazen High School who are Facebook experts with years of combined experience. They are going to help you build or clean up your Facebook Business Fan page on an Internet live computer.

Please RSVP at: SBDC-Renton@rtc.edu

The first 40 to sign up get computer and one-on-one help.
